How to measure your hat size

If you are buying a new cap it is best to check the size of your head before ordering. This can be done by just using a soft tape measure or a piece of string and then measuring its length.

Just place your tape or string around the head as show in the diagram. It should sit just above the ears on the position that you would like your hat to be. It is best that you ask someone to do this for you, we would also advise that you do this several times and take an average measurement.

If your size measures as a ½ always go up a size.

Now you have your size please refer to the table below

Head Size Chart

Size CM	53	54	55	56	57	58	59	60	61	62	63
UK Size	6 ½	6 ⅝	6 ¾	6 ⅞	7	7 ⅛	7 ¼	7 ⅜	7 ½	7 ⅝	7 ¾
US Size	6 ⅝	6 ¾	6 ⅞	7	7 ⅛	7 ¼	7 ⅜	7 ½	7 ⅝	7 ¾	7 ⅞

All orders can be placed in either CM or UK sizes.
